

Dear Parents and Carers,

My apologies again for inconvenience due to the school being non-operational today, however this was out of my control. Power has been restored and any water issues have been rectified. At this point we still do not have phones but they will be redirected to a mobile phone tomorrow.

School will again be operational for parents who must send their child to school due to being an essential worker. We will continue to have minimal staff on site. If you are able to work from home and keep your child home I ask that you please do so. I appreciate your ongoing support.

Thank you again
Jo West
